08 June 2010

MR. ROQUE F. CORPUZ

President, National Grid Corporation of the Philippines

Quezon Avenue corner BIR Road

Diliman, Quezon City

Dear Mr. Corpuz,

Greetings!

This pertains to the announcement by MERALCO which appeared in the newspaper "Meralco cuts rate by P0.10/kWh" (Philstar/6/8/10) explaining that this rate reduction in June 2010 was attributable to the decline in the transmission charge by P0.1541/kWh and system loss charge by P0.0282/kWh or a combined reduction of P0.1823/kWh.

While we welcome this announcement of a reduction in our monthly bill, we would like to verify the validity of such announcement from the company cited by MERALCO as the source of the reduction.

In this regard, may we be furnished copy of NGCP's billing for the month upon which the two (2) reductions apply?

Further, may we be furnished copy of all NGCP Ancillary Service and Procurement Agreements with companies that own the plants providing ancillary services and copy of its proof of payments to these companies from July 2009 to May 2010?

This request will allow us to validate the accuracy of NGCP's billing to MERALCO and of MERALCO's announcement of the said rate reduction.

We will highly appreciate NGCP's prompt response.

Very truly yours,

PETE L. ILAGAN

President
