**THE HONORABLE COMMISSIONERS**  
Energy Regulatory Commission  
16<sup>th</sup> Floor, Pacific Center Building  
San Miguel Avenue, Pasig City

Attention: **ERC Chairperson Zenaida Cruz-Ducut**

**Dear ERC Commissioners:**

Greetings!

This pertains to our study of NORSAMELCO's financial statements showing an over collection of **P24,013,588.00** from 2004 to 2009.

Our finding is based on this Honorable Commission's *Unbundling Decision* dated 14 May 2004 under ERC Case No. 2001-920 granting NORSAMELCO's annual revenue requirement of **P44,279,000.00** (net of purchased power cost).

To determine if NORSAMELCO was getting its ERC-approved annual revenue requirement, NASECORE studied NORSAMELCO's 2007-2009 annual reports and compared its ERC-approved annual revenue requirements against its actual annual revenues as shown in the table below:

**ERC Approved vs Actual Distribution Revenue**

Year	Total Revenue	Cost of Power	Actual Distribution Revenue	Approved Revenue-Unbundling	Over/ (under)
	(A)	(B)	(C=A-B)	(D)	(E=C-D)
2004	188,004,480.00	137,182,776.00	50,821,704.00	44,279,000.00	6,542,704.00
2005	204,953,684.00	163,594,009.00	41,359,675.00	44,279,000.00	(2,919,325.00)
2006	209,310,274.00	168,650,740.00	40,659,534.00	44,279,000.00	(3,619,466.00)
2007	214,894,065.00	163,740,948.00	51,153,117.00	44,279,000.00	6,874,117.00
2008	273,447,412.00	206,226,608.00	67,220,804.00	44,279,000.00	22,941,804.00
2009	289,984,528.00	244,969,070.00	45,015,458.00	44,279,000.00	736,458.00
				<b>Total Over/(Under)</b>	<b>24,013,588.00</b>

The table above clearly shows that NORSAMELCO has an over-collection in the amount of **P24,013,588.00**.

We find this over-collections alarming because we take this as an abuse of market power when NORSAMELCO decided to deliberately keep to itself this over-collection instead of disclosing this by way of a petition to reduce its current rates but maintaining its approved annual revenues. It is a common industry knowledge that this increase in its annual revenues is attributable to the increase in its annual sales in kilowatt-hours and kilowatt from its captive customers owing to the increasing consumption of its customers and the reduction in its system loss.(emphasis supplied)

We also find this alarming because this NORSAMELCO over-collections show that the Honorable Commission failed to closely monitor and review the operations of NORSAMELCO to determine whether its approved annual revenue for NORSAMELCO is what is actually being collected only based on NORSAMELCO's approved annual cost of service including its system loss percentage which should reflect if the utility is operating efficiently or not.

Had ERC done its primary duty to review the annual revenues it granted NORSAMELCO, it would have easily discovered this over-collection which NASECORE, on its own initiative, have discovered. It appears that ERC needs some reminding on its legal mandate to ensure adequate promotion of consumer interests which basically revolves on determining just and reasonable rates.

Further, this ERC failure renders its approved annual revenues for NORSAMELCO, which was the result of its exhaustive study to ensure the viable operations of the electric utility, inutile, as it failed to use this to serve as its way of ensuring that the NORSAMELCO rates are just and reasonable.

In this regard, we urge ERC to immediately conduct a regulatory audit of NORSAMELCO and reduce its rates so as to stop this over-collection and to immediately direct a refund of this over-collection.

We fervently hope ERC will swiftly act on this request based on its mandate to protect consumers from unjust and unreasonable rates.

Thank you so much.

Very truly yours

A handwritten signature in black ink, appearing to read 'PA', with a long horizontal line extending to the right.
