HON. EDITA S. BUENO

Administrator, National Electrification Administration

NIA Road, Government Center

Diliman, Quezon City

Dear Administrator Bueno,

Greetings!

This refers to the annual general membership assembly conducted by the electric cooperatives this month.

We have received complaints from our chapters in the provinces on the conduct of their general assemblies as these did not tackle important matters affecting the member-owners, specifically the rate increase implemented in January this year. This compels us to know and find out whether, NEA which has control and supervision of these electric cooperatives, have issued a guideline on the conduct of district and general assemblies.

In this regard, may we be furnished copy of NEA's guidelines on the holding and conduct of the annual general membership assembly of the electric cooperatives? Further, may we be furnished copy of the transmittal of the individual Board Resolution of all electric cooperatives in Region VIII scheduling the District Assemblies and the annual general membership assembly for 2010 and their corresponding budget and NEA's approval/confirmation of these Board Resolutions?

In the compilation of the NEA memoranda you provided NASECORE, we came across NEA Memorandum No.31 dated January 4, 1988 which enjoins all electric cooperatives to hold convention of members in each district immediately before the annual meeting where coop matters affecting these localities will be thoroughly discussed with the respective members. Discussions ensuing in these gatherings will have to be reported in the annual meeting for the information and deliberation of all members present.

May we know if this NEA Memorandum has been repealed or superseded? And if it were so, may we be furnished copy of the Memorandum which effectively repealed or superseded said Memorandum?

In the spirit of transparency and accountability, we look forward to NEA's favorable response.

Thank you so much.

Very truly yours,

~~PETE L. ILAGAN~~

President
