**HON. ZENAIDA G. CRUZ-DUCUT**

*Chairperson, Energy Regulatory Commission*

Pacific Center Building, San Miguel Avenue

Ortigas Center, Pasig City

**Dear Chairperson Ducut,**

Greetings!

This refers to our continuing study on the MERALCO distribution rates which have been adjusted from its unbundled rate of May 2003 (P0.9657/kWh) to the rate under the first PBR approval (P1.227/kWh) and further adjusted under the second PBR approval (P1.4917/kWh) by the Commission (ERC).

In our desire to fully understand the average rates granted by the Commission to MERALCO under the rate approvals mentioned above, may we know how much a commercial and industrial customers pay if their monthly consumption falls under 500kWh, 1000kWh, 5000kWh, 10,000kWh, 100,000kWh, 500,000kWh, and 1,000,000kWh?

We will highly appreciate it if this can be presented in a table showing the monthly cost/billing to small, medium, large, and very large commercial and industrial customers of MERALCO so we can compare this with the billings to the residential customers with different monthly electricity consumptions.

We are confident that the Commission has these data already prepared by its technical experts and available for its own and the consumers' understanding and analysis.

Thank you so much and God bless.

Very truly yours,

**PETE L. ILAGAN**

*President*
