HON. EDITHA S. BUENO
Administrator, National Electrification Administration
NIA Road, Government Center
Diliman, Quezon City

Dear Administrator Bueno,

Greetings!

This refers to your reply dated 19 October 2010 furnishing us the total collections of each EC from the new charge approved by ERC called "Member's Capital Contribution (MCC)", which now appears as a separate charge in the monthly billings of the electric cooperatives, as we requested in our letter dated 12 October 2010.

In this regard, may we request that NEA furnished us the missing data and may we know why NEA allowed these ECs not to submit their collection reports on their reinvestment fund charge on certain years?

These collections from the reinvestment fund are the capital contribution of each member-consumer for the system upgrading and expansion program of their respective electric cooperative which is imposed upon them. It is our understanding that these collections are restricted, meaning, disbursement from this fund will require NEA's express and written approval.

This request is anchored in our desire to determine how much are the total patronage capital contributions of the member-consumers in their respective cooperative.

Thank you.

Very Truly Yours,

  
**Pete L. Ilagan**  
 President
