HON. RODOLFO B. ALBANO, JR
Chairman, Energy Regulatory Commission
16th floor, Pacific Center Building
San Miguel Avenue,
Ortigas Center, Pasig City

Dear Chairman Albano:

Greetings!

In line with our continued study of the system loss rate of MERALCO, may we request the Honorable Commission to furnish us the percentage breakdown of Meralco system loss into technical, non-technical and company use for the period 2004 to 2007?

Further, may we also be enlightened on the legal basis of allowing distribution utilities to pass on to its captive market their actual company use of electricity up to one (1%) percent of their total electricity purchases in kilowatt-hours and when did this company used electricity start to be implemented?

We highly appreciate the commission's continued support for consumer education and protection.

Thank you so much.

Very truly yours,

PETE L. ILAGAN
President
