24 June 2010

**HON. FRANCIS SATURNINO C. JUAN**

*Executive Director*

Energy Regulatory Commission

Pacific Center Building

San Miguel Avenue

Ortigas Center, Pasig City

**Dear Excecutive Director Juan,**

Greetings!

This refers to the amendments to Section 4(e) of Rule 3 and Section 7 of Rule 18 of the Implementing Rules and Regulations (IRR) of Republic Act No. 9136 otherwise known as the Electric Power Industry Reform Act (EPIRA), which were proposed by the Department of Energy in a public hearing called for by the Joint Congressional Power Commission (JCPC) in June 2007 at the Senate of the Philippines.

It appears that the proposed amendments must have taken effect the following month because MERALCO stopped its monthly filing of petition for adjustment of its generation charge in July 2007. It also appears that from July 2007 up to the present, there has already been the automatic adjustment in MERALCO's generation charge.

In this regard, we would like to request for certified true copies of any order, resolution, or verification report, which validated the restoration of the automatic adjustment of distribution utilities in their generation and system loss charges.

We hope this request will merit your immediate favorable response.

Thank you and God bless.

Very truly yours,

**PETE L. ILAGAN**

President
